

Mini To-Do List Manager

Features

1. Task Management

- Add new task (title, due date, priority: High/Medium/Low)
- View all tasks (with ID, title, status, due date, priority)
- Mark task as completed
- Delete a task

2. Categories (Optional)

- Add tasks under a category (e.g., "Work", "Personal")
- View tasks by category

3. Search & Filter

- Search task by keyword in title
- Filter tasks by status (completed / pending)

4. Persistence with File Handling

- Save tasks to file (e.g., `tasks.txt`)
- Load tasks automatically when program starts

5. Exit

- Graceful exit with confirmation

Menu Flow (Simple but Professional)

```
=====
      TO-DO LIST MANAGER
=====
```

1. Add New Task
2. View All Tasks

3. Mark Task as Completed
